College & Department Overview :-

Bhaskaracharya College of Applied Sciences (BCAS) is a prestigious constituent college of the University of Delhi, established in 1995 and located in Dwarka, New Delhi. It is fully funded by the Delhi Government, the college spans a 10–12 acre campus and holds an NAAC A++ accreditation.

It specializes exclusively in undergraduate science and applied science education across various B.Sc. (Hons) disciplines, admitting students through CUET-UG under NEP-2022. The college is known for its well-equipped specialized laboratories, strong research orientation, and consistent presence in national NIRF rankings.

Notably, BCAS is the only college under the University of Delhi to offer the specialized B.Sc. (Hons) in Polymer Science program.

It was introduced in 2004, this unique course provides comprehensive training in polymer technology, processing, testing, fiber science, and rubber technology. It features advanced labs equipped with industry-standard machinery like injection molding, Extruders, Two roll mill, Compression molding, preparing graduates directly for R&D and manufacturing roles across packaging, tire, and chemical industries.
