Bharat RE Summit & Expo 2026
Invest · Innovate · Inspire

भारत सरकार
नवीन और नवीकरणीय ऊर्जा मंत्रालय
Government of India
Ministry of New and Renewable Energy

D. O. No. 12/23/2026- I and PA
Dated: 14th October, 2026

Dear Madam,

I am pleased to inform you that the Ministry of New and Renewable Energy is organising the **Bharat Renewable Energy Summit & Expo (BRE Summit) 2026** from **2–5 November 2026** at Bharat Mandapam, New Delhi, in conjunction with the 9th Assembly of the International Solar Alliance and the 4th International Conference on Green Hydrogen.

2. In this context, I would like to invite students, research scholars and faculty members from universities, colleges, technical institutions and other higher educational institutions across the country to visit the Summit. The event will showcase India's progress in renewable energy and bring together scientists, innovators, industry leaders, policymakers and international participants. The accompanying exhibition, featuring country and state pavilions, will provide an opportunity to explore clean energy technologies and understand developments in the renewable energy sector in India and across the world.

3. The exhibition will offer valuable exposure to established renewable energy technologies, including solar, wind, hydropower and green hydrogen, as well as emerging areas of research and deployment such as Battery Energy Storage Systems (BESS), Pumped Storage Projects (PSPs) and perovskite solar cells. The Summit will also provide a platform for students, research scholars and faculty members to interact directly with industry leaders, researchers, think tanks and national and international policymakers, fostering knowledge exchange and industry–academia collaboration. Engagement with innovators and startups at the dedicated startup hub will further enable participants to exchange ideas, explore emerging clean energy solutions and understand opportunities for research, technology development, innovation and scaling up of solutions for wider deployment.

4. Students, research scholars and faculty members may register free of charge to visit the exhibition through the official Summit portal, www.bresummit.in. Those interested in participating in the Summit sessions as delegates may register separately through the portal by paying a nominal fee of ₹1,000 for access to all 90+ sessions from 2nd Nov to 5th Nov 2026. Registered student and faculty delegates will be provided lunch at the venue.

5. I would request your Department to disseminate this information among universities, colleges, technical institutions and other higher educational institutions, and encourage suitable visits by students, research scholars and faculty members. Such participation would strengthen awareness of advances in clean energy, foster interdisciplinary research and industry–academia collaboration, and inspire young researchers and professionals to contribute to innovation and

Greetings from the Ministry of New and Renewable Energy (MNRE).

Please find attached the official letter from Shri Santosh Sarangi, Secretary, MNRE, regarding the upcoming **Bharat Renewable Energy Summit & Expo (BRE Summit) 2026**, scheduled from **2–5 November 2026** at Bharat Mandapam, New Delhi. The event is being organized in conjunction with the 9th Assembly of the International Solar Alliance and the 4th International Conference on Green Hydrogen.

In this regard, the Ministry invites students, research scholars, and faculty members from universities, colleges, technical institutions, and higher educational institutions across the country to visit the Summit and explore India's advancements in the renewable energy sector.

Key Highlights of the Event:

- **Exhibition & Technologies:** Features country and state pavilions displaying established technologies (solar, wind, hydropower, green hydrogen) and emerging areas like Battery Energy Storage Systems (BESS), Pumped Storage Projects (PSPs), and perovskite solar cells.
- **Industry-Academia Collaboration:** Provides a platform for participants to interact directly with industry leaders, researchers, think tanks, and policymakers, alongside a dedicated startup hub for innovation exchange.

Registration Details:

- **Exhibition Visit:** Students, research scholars, and faculty members can register **free of charge** to visit the exhibition through the official portal: www.bresummit.in.
- **Delegate Access:** Those interested in participating in all 90+ Summit sessions as delegates can register separately via the portal by paying a nominal fee of **₹1,000** (covers access from 2nd to 5th November 2026).
- **Inclusions:** Registered student and faculty delegates will be provided lunch at the venue.

We request your department to kindly disseminate this information among universities, colleges, and technical institutions, and encourage active participation to foster interdisciplinary research and awareness of clean energy.

Warm regards,
Team - BRE Summit
